

## Seven Fields Primary School-Newsletter

Dear Parents/Carers

Well done for making sure your children come to school well slept and with a good breakfast this week. I know we have had a week of testing but we do need to sometimes complete these summative assessments so that we can analyse where children are strong and where they need extra support and then we can design future lessons that support those areas.

Four weeks to go until the end of the academic year and still lots to fit in. People we need to say goodbye to and people we need to welcome. Transitions, endings and beginnings are always quite strained. We welcome your help in ensuring your child understands that change is a fundamental part of school life. Our new Reception cohort have been staying and playing this week as part of their class induction. Year 6 inductions and transitions have had to be altered because of government COVID-19 guidelines so our transitions to new classes in September will need to be rearranged as well. Do not worry your child will soon know where they are going and who they will be with.

In assembly this week we have been focussing of the value of 'gratitude'. It is often when we look at others that we start to notice and understand [how lucky we are](#) to have a place to sleep, enough to eat etc. These are fundamentals that our children have a right to experience as well as being in an environment that cares for their wellbeing and seeks to provide opportunities for them to fulfil their potential. I am thankful for the staff at Seven Fields. For our governors, for you as parents and for the opportunity to lead such a dynamic and exciting educational establishment. Try to focus on what you are thankful for this weekend. The Science is here in this [video](#).

Finally, whatever you are doing this weekend, please make sure that you take care of yourselves and your family

Kingfishers have been learning the importance of looking after our teeth and looking at animals teeth too.

How To Protect Teeth

Don't brush and eat only sugar and never stop. through away all the healthy foods sooner.

Most dentists recommend you use toothpaste that are colourless. You must usually use a electric toothbrush.

You should use mouth wash if you don't like brushing properly. In toothpaste there's something called fluoride that stops your teeth decaying.

You need to use floss to because gets rid of it get's plaque and germs out of your mouth teeth.

You need to use toothbrush because you will get decay in on your teeth and your teeth will turn yellow then black.

You need to use mouthwash to because it makes your teeth, stay and gets rid of plaque.

Functions of teeth!

- Incisors - biting and cutting
- Canines - ripping and tearing
- Molars - grind
- Premolars - hold and crush

How can we look after our teeth?

You need to use toothbrush floss toothpaste mouth wash because...

I think that this animal is a herbivore because it has flat teeth.

I think this animal is a carnivore because it has sharp canines.

What is plaque and how do you get rid of plaque?  
 Plaque is yellow and black stuff on your teeth, use your toothbrush to brush.

Robins have been spending time this week learning about money and recognising the value of each coin.

Today we had letter day at school and lots of our children were very creative and designed their own tops. They looked amazing.

On Tuesday 29th June we are very lucky to have a theatre company coming in to perform The Wizard of Oz. The children will join Dorothy on her quest to return home from Oz with the help from her friends scarecrow, tinman and lion. Together as a team they are confident, resilient and independent and work together to achieve what they have set out to do and to get Dorothy back home to Kansas.

The performances will be streamed to some classrooms and some classes will be going to the hall to watch. This means the children are in their own bubbles which will keep them safe and also viewing much easier.

We're off to see the Wizard  
The wonderful wizard of oz  
We hear he is a whiz of a wiz

**\*Without the HAF code you will be liable to pay for the booking.**

Dear Parent/Guardian,

We hope you are well and that your child/ren is enjoying the summer term and the warm weather!

Ahead of the summer holidays, we wanted to let you know about the brilliant new Holiday Activities and Food programme which is operating in your local area. We are helping to launch a new film to promote the programme so parents know that their children can get involved in a local holiday club when the school term ends this July.

We know that the holidays can be a really difficult time for families who are struggling to make ends meet or who are juggling work and childcare. The holidays should be a time for every child to enjoy themselves rather than worrying about having enough to eat or how they can spend their free time.

That's why we're really excited about the summer holiday programmes that are being funded by the Government and will take place across the whole of England. This was recommended by the National Food Strategy when it was published last year. A petition supporting the recommendation was signed by over 3 million people.

Places on the holiday schemes are available for free to children who receive free school meals, but children and young people of all ages and backgrounds are welcome to attend. Each local programme will provide delicious, healthy meals, allow kids to get active, help them learn new things, make friends and have fun. And that is what the holidays are all about!

You can find out more by watching this new film that we've made: <https://youtu.be/KDgm8KpXAXE>

The holiday programmes are open to children of any age and are free for children eligible for free school meals. They will:

- Provide a safe and supportive environment for children
- Be led by experienced local coordinators teaming up with a range of different partners in their communities
- Serve children tasty and nutritious food and opportunities to learn about food and nutrition
- Organise lots of activities so every child can find something they enjoy - from Kung Fu and cooking to bushcraft.
- Keep children and young people happy, healthy and active
- Offer a flexible childcare option for busy parents

You can find out exactly what's available in your local area either by visiting your council's website or by searching online for HAF (that stands for Holiday Activity and Food).

We hope you and your family have a great summer with the Holiday Activities and Food programme!

Yours sincerely,  
 Marcus Rashford MBE  
 Henry Dimbleby MBE (founder of Leon, Independent Lead of the National Food Strategy)

**VERY IMPORTANT REMINDER:**

Please do not ride bikes, scooters, skateboards etc on school site. This is to reduce accidents happening. We asked everyone to dismount at the gates please.

Football should not be played with on the plaza or around near classrooms, we have had small children in buggies previously hit by these footballs flying around.

Please do not allow your children to walk the wall, we have had number of children rushed into the office needing first aid because they have fallen. If your child comes to school alone please remind them to stay on the floor as we all know what happened to Humpty Dumpty.

Thank you very much for your cooperation

**REMINDER:**

We would like to remind you that Class Dojo is now our main form of communication to our parents/carers. We ask that you make sure you are connected to make sure you are up to date on the goings on here at Seven Fields Primary School.

Thank you
