Dear Parents/ Carers

As we reach the end of another week, I want to thank you once again for supporting our teachers in enabling the remote learning to take place. I have seen so many memes on social media about how schools have changed maths or how grammar rules have changed which did make me chuckle and give a little light in the darkest times.

I have noticed that the light at the start and ends of the day are beginning to appear and with the announcement today of yet another powerful vaccine coming on the market I am hopeful that this year will improve as it goes on. Things seem to be getting brighter.

This week's assembly was about Courage, determination and never saying I can't. I showed the pupils the video of Nick Vujicic who is an inspirational speaker who demonstrates how he has overcome and continues to overcome his disability. The video can be found [here](#). I also read the children of the story "My Strong Mind" by Niels Van Hove. This is a fantastic story which demonstrates how we can all talk inwardly to ourselves when facing our fears and feel better about ourselves as a result, even if we fail. Both stories are very humbling and put into perspective our own lives and demonstrate the ridiculous nature of those times when we feel some incidents are more important than they actually are.

I do not mean though, that our own concerns, worries and anxieties are not valid. Indeed next week we are highlighting the importance of Children's Mental Health week and I'm sure your child's class teacher will be able to encourage them to think about strengthening the mind and spirit as well as their academic knowledge and physical skills. There are some great apps that I think all of us should look at that will help with worries and mindfulness. Chillpanda, Mindful Powers and Headspace are three very popular ones free from Google or Apple. I have had a go at a few of their activities and it does make you stop and think. However, it may be appropriate that, as part of our curriculum, we do have some time away from screens next week. Time doing something thought provoking and mindful.

I hope you all find the time next week to be mindful. To take stock of your accomplishments this month and to congratulate yourselves for making a contribution to your child's learning and development.

Have a lovely weekend
Mr Booth

"go to the castle and get my wand" So he requested the fairy. They got there in a flash. Once they got there and saw a guard. They got behind a rock they talked to each other and they got a plan. So they throw rocks at a window to distract the guard. The guard went to the window he got the wand. Said "what going on right now?" Well the guard was distracted they quickly ran through the entrance. But they did not know where to go. So they went up stairs. They looked in all the rooms and then they found a cage. The cage had a towel over it. They carefully tip toed and gently took it off and hid it.

 Marie can see red eyes. Lucy's red eyes were glowing slightly and she was smirking at her sister. Marie is Lily and John. Lily and John was under the water with Lucy. James the crab let John and Lily out. The crab ran up the wall and hid. Lucy came to the cage and said "what is John and Lily?" James did not answer Lucy and James' eyes started to glow. James winked at Lucy. "James winked at Lucy!" James came out of his hiding spot and ran up the stairs. James the crab to Marie and John and John gave the wand to Marie and said "you will be the best sister ever for you and John." James winked at Marie and John. Marie said "Lily with Lucy here and James is Lily and James' eyes said 'I'll be with you'." James the crab came to help.

Wow were in space on the look that is another spaceship zoom on my god that was close to hitting us! said Billy. Unlucky said "Lola what is wrong Lola said Billy there's a meteor said Lola oh my why did you just say that? The moon was there? said Billy well I can't see it. Lola well it's straight in it said Billy. Lola well said Billy. Billy said that but Lola well said Billy. Billy said that she was day dreaming so he woke her up from her James. They went out onto the moon in their space suits. Well like space suits are cool! said Lola. Suddenly Lola and Billy gasped duh duh duh, is that a meat ball, he beated

One day on a Monday morning in
 summer there was a boy and a girl saw
 a number at the back of their master
 librarian cards they went to those
 numbers and for some reason it was
 a unfamiliar tree house they still
 in and saw a old man with a name
 tag that read John. John said why
 are you here? The kids showed him
 the master librarian cards. John
 said so you are Joe and Eve said
 why are we here because I have a
 quest to have for you. But what Joe
 and Eve did not know was John
 said was 500 or so he said go to
 males and go into the water and
 sale into the ocean.

So they listened to the crazy old
 man and sailed to males. When they
 got there they ran to a hotel and
 asked where is the closed beach
 so here but they just ignored
 them. Joe said "it is a ugly hole
 anyway." Then one of the waters
 ran after them. Then Joe tripped
 up the waiter and the boss came
 and let them out then they went to
 a group of boys.

When they talked to the boys they
 was not nice at all they were like
 "What do you think you are
 doing?" Then Eve said "we are looking
 for the coldest beach." Then the boys
 said "are you sure you are not looking
 for ur mum and dad." Then Joe had
 enough and said "are you going to
 tell us or not?" Why are you scared
 of us, he I am waiting come on
 I don't have all day. They hear about
 you mtd your on beesmax. They be
 quite. Or what Eve said Joe stop but
 the boys had enough and pick them
 up and throw them in the ocean.

But was that a bad thing or a good
 thing well a little of both. It's a bad
 thing because all they can taste is
 salt water but a good thing because
 when they thought it was all over it
 was not because a dolphin came
 and saved them. Luckily the dolphin
 stated to talk to them. So Joe said "can
 you try to find a shiny rock?"

They went to try and find the rock and
 in a blink of a flash boom they found
 it so as fast as the dolphin can swim
 they went to the beach when they could
 barely see the beach they fell off the
 dolphin they went under water and they
 could not swim so they went really deep
 they thought they saw a shark and
 the almost past out. So the dolphin
 came to try and find them. And just
 saved them from a shark attack when
 they almost got there the shark came
 back and sadly ate the dolphin. Luckily
 they avoided the shark attack and got
 back to John. They told John everything
 that happened. But will they ever go
 on another quest.

Vacation under the library

Once upon a time there lived two children named Steve and Alexia. They lived in a truckhouse on a street called Hubbleport street. One early morning they woke up when the sun hadn't even risen yet. Milly quickly told them to come over. Milly was their friend. They rushed over because they knew something was up. They made it over then she yelled "quick come inside, it's starting to rain". She started to tell them that there's a new library in town, and she needed a cook book from it. They knew they couldn't say no so they said yes!

Then they got ready and set off for their mission. As quick as a flash they were there. All of a sudden the cook book opened in front of them. Alexia couldn't help herself and touched the book. The lights started to flicker afterwards it went completely dark. There was a loud BANG! and a stair case appeared. Next they slowly inhaled slow.
